ERPFOCUS

IFS CLOUD

EXTENDED PROFILE

OVERVIEW

IFS is the world's leading provider of industrial AI and enterprise software for hardcore businesses that make, service, and power our planet. The industry expertise of our people and of our growing ecosystem, together with a commitment to deliver value at every single step, has made IFS a recognized leader and the most recommended supplier in our sector.

The system offers features which go beyond standard-level ERP functionality, offering a fully-embedded CRM alongside native functionality for Enterprise Project Management, Enterprise Asset Management, and Service Management. It can also be integrated with a variety of third party software for extended functionality.

The ERP is built on a service-oriented architecture and can be accessed as a web application. IFS offers a range of consulting services to clients - these include implementation project management, personalized software development, and technical consultancy.
