NAOLOGIC MANUFACTURING ERP

EXTENDED PROFILE

NAOLOGIC

OVERVIEW

Naologic is an AI-powered manufacturing ERP suite designed to streamline and automate manufacturing operations from order inception to the finished product.

It combines ERP, MRP, CRM, and QMS functionalities into a single platform, covering aspects from sales and quoting to inventory and financial accounting.

AI INTEGRATION AND CUSTOMIZATION

Naologic uses AI to review compliance data, streamline schedules, recommend pricing strategies, and analyze financials, helping businesses run more smoothly and efficiently.

This, coupled with the Naologic Builder, allows for rapid process customization and workflow adjustments in minutes to maximize ROI.

QUICK IMPLEMENTATION

Naologic emphasizes its ease of implementation, with expert-designed workflows on the aforementioned Builder platform that let you get started in days, not months. The system also allows for smooth data integration from multiple sources.
